About us

Palamur Genetics Services Pvt. Ltd. (PGS) is a pioneering biotechnology company situated in Maddigatla village, Boothpur mandal, Mahaboobnagar district, Telangana. Our facility is at the forefront of producing high genetic merit cattle and buffalo embryos through advanced In Vitro Fertilization (IVF) and Embryo Transfer (ET) technology using Progeny tested Elite Bulls Sex Sorted Semen ensuring high milk yields are incorporated into our breeding programs. Our farm houses wide range of prestigious breeds such as Gir, Sahiwal, Kankrej, HF, Jersey, Deoni, Ongole, Punganur, Murrah, and Jaffrabadi.

PGS Achievements

- 1500+ Embryos Supplied (under ABIP Program of NDDB) all around India
- 300+ Embryo Transfer Pregnancies
- 150+ Elite Calves Born through Embryo Transfer.
